Noa Levi

Backend Developer Student · Node.js · REST APIs · PostgreSQL

050-0000000 · noa.levi.dev@example.com · github.com/noalevi-example

SUMMARY

Computer Science student at Tel Aviv University (GPA 88) who builds backend services: REST APIs in Node.js and JavaScript with Express, PostgreSQL and Prisma, automated tests with Jest, Docker deployment and CI/CD with GitHub Actions. Teaching assistant for Intro to CS, running weekly practice sessions for 40 students.

EDUCATION

B.Sc. in Computer Science – Tel Aviv University 2023 – expected 2027

- GPA 88.

TECHNICAL SKILLS

- **Backend:** Node.js, JavaScript, Express, REST APIs, JWT authentication
- **Databases:** PostgreSQL, SQL, Prisma
- **Testing & DevOps:** Jest, Docker, GitHub Actions (CI/CD), Git & GitHub
- **Also:** Python, Java, React

PROJECTS

TaskFlow – Task Management Web App **GitHub**

Team of 3 · Node.js, Express, PostgreSQL, Prisma, JWT, Jest, Docker, GitHub Actions, React

- Built the backend REST API – 18 endpoints in Node.js and Express with PostgreSQL and Prisma, including JWT authentication.
- Reached 85% test coverage with Jest and set up CI with GitHub Actions.
- Deployed the application with Docker on Render.

EXPERIENCE

Teaching Assistant, Intro to Computer Science – Tel Aviv University 2025 – Present

- Run weekly practice sessions for 40 students.

COURSES

- AWS Cloud Practitioner Essentials (course completion), 2025

MILITARY SERVICE & LANGUAGES

- **Intelligence Analyst** (2018 – 2020)
